

FOR INFORMATION ON FIRST AID, REFER TO FM 21-11.

WARNING

BROW PADS

DO NOT use brow pads if foam is damaged. Failure to follow this warning may result in injury or blindness to personnel.

WARNING

SYSTEM INSTALLATION AND REMOVAL

- Vehicle MASTER SWITCH and turret power must be OFF before connecting or disconnecting system components/cables. Failure to follow this warning may cause turret or 25 mm gun movement, resulting in injury or death to personnel.
- TURRET DRIVE LOCK must be in locked position before connecting or disconnecting system components/cables. Failure to follow this warning may result in injury or death to personnel.
- Ensure cables and components are properly installed. Improper installation can cause equipment damage and injury to personnel.

WARNING

TRANSCIVER UNIT

Transceiver unit is a laser safety Class 3A which means it is conditionally eye safe. DO NOT view transceiver unit during training exercise with an aided eye, i.e. optics which magnify from a distance less than 25 m.
